CHAIRS | Indoor

ROBERTO LAZZERONI

An ideal complement for any table – not just in the dining room – Roberto Lazzeroni's Clotilde chair stands out for its light and minimalist look, which reworks the vintage design of 1960s chairs with a bolder, more distinctive image. Clotilde has an ebonised ash or walnut frame, available in two different finishes, which supports the upholstered seat and backrest cushion. Through a clever design, the backrest has been extended so that it embraces the guest and allows functional support for the arms, without the need for armrests. The chair therefore becomes a new classic, a perfect icon on its own or combined with Baxter tables.

Structure: wooden structure with finish of choice.

Seat and backrest frame in birch plywood.

Padding / Filling: padding in differentiated density polyurethane foam with acrylic fibre cover.

Spring system: springs in woven elastic straps of covered rubber.
