

JOVE

TABLES AND SMALL TABLES | Indoor
DRAGA & AUREL

Sculptural and unique in every detail, the Jove collection of concrete tables designed by Draga & Aurel furnishes every interior with its essential and refined beauty. The conical design of the base supports the round top in different sizes, but it is the material that makes Jove precious and exclusive. The choice of cement agglomerate with marble grit for an indoor table gives it a material and unusual nature, rich in uniqueness, signs and peculiarities that make the individual piece unrepeatable.

Model: assembly required.

Structure: structure and top made from charcoal-grey concrete and ebony black marble chip grain mixture.
